It is not something that we can endorse as the Bar & Restaurant will now be an In-House operation. This decision is unlikely to be revoked.</p> <p>Private Function approvals: Two private applications received with Jon. One to be discussed.</p>	<p>Restaurant Refurbs</p> <p>SH/SV</p> <p>PH SH/JE</p> <p>PH/SH</p> <p>PH/SH</p> <p>PH/JE</p>
	<p><u>Bar Refurbishments & Bar Furniture</u></p> <p>The general opinion is that the ambience is great, if a little overcrowded. We need to have a uniformity between the bar & restaurant area. Sounds centre/cubby hole needs new doors as it is out of keeping with bar. Check on available door to match bar store door with fittings to match the drawers behind the bar.</p> <p>The plaster in the restaurant is due to be painted during Cowes</p>	<p>JE</p>
