Any other Business

An e-mail had been received asking about hosting Comedy Nights at the club. Our calendars are fully booked at the present time. We have therefore advised him that we will keep the details for future requirements. BW

On the evening of Wednesday 1st February a member of SYC staff noticed that the Diving Group were consuming alcohol that had not been purchased from the bar. Unsure of the correct procedure she brought it to the attention of a member, who subsequently reported the matter by e-mail to the House committee. It was discussed at the meeting and IB is to send a letter reminding them that only drinks etc purchased from the bar can be consumed on the Club premises. IB

Natalie to pass this information onto all her staff.
