

## ADDENDUM A

### INFORMATION TO AID APPLICATION TO PARTICIPATE IN COWES WEEK SATURDAY 29/7/2023 < FRIDAY 4/7/2023.

Cowes week regatta is just around the corner and we are hoping to take part in the fun with 3 Sonars, Cork 1720 supported by a RIB and two accommodation craft. You will be racing on club craft within the Solent as part of the SYC team and will be supported by the SYC racing coaches.

The exact time of the race is to be confirmed. Arrival time at Cowes Corinthian Yacht Club, based in West Cowes, is expected to be 09.00 but will be confirmed when race committee sailing instructions are issued. We take our RIB taxi out to the moored race boats which need to be prepared in good time for racing. The typical time on the water takes between 1.5 - 4 hours.

The club will supply life jackets but you will need to bring suitable clothing, refreshments and sunscreen. Full details will be given in the joining instructions. We will be using our club Whatsapp group for communication during the event for your team, updating any postponements or changes to your event.

If you would like further information please do not hesitate to ask Paula [training@susseyachtclub.org.uk](mailto:training@susseyachtclub.org.uk)
